

Autumn Term Eco Bird Feeder Competition

Winter can be a difficult time for garden birds and a bird table or bird feeder will bring a variety of species flocking to your garden. Feeding the birds in our outdoor space is great fun, and it also offers lots of different learning opportunities. Some of the common birds to look out for in winter:

Robins	Finches (goldfinches, chaffinches)	Tits (blue tits, great tits)	Blackbirds	Wrens	Dunnocks	Sparrows	Thrushes
							

The
Eco

Warriors have decided to build some bird feeders for our school playground and they would like to welcome you all to take part in the end of term Eco Competition- Make a model of a bird feeder!

Be as creative as you like but make sure your model is practical and could be turned into an actual real bird feeder for the Spring term!

Bring in your entries on **Wednesday 11th January 2023 to Mrs Adam.**

The winner will be awarded a special prize as well as having the honour to help in the making process of the bird feeders in the new term.
