School council meeting minutes 13.10.22

Present at meeting RS and above children.

RS welcomed children and re-capped previous meeting's discussion and actions taken since.

- Policies now updated and emailed to all staff to use in classroom.
- Playground school shed is up and running with equipment available for all.
- A school pet (RS has looked into this and in the process of contacting a few companies – most likely to be chicks – still to be confirmed).
- Whole school rules to be displayed in playground on fence so they are visual at break and lunch times (playground currently under renovation so this will be considered at a later date).

RS asked the question :

How do we know what all the children in our school want/think/need?

School council had a quick discussion and this is what they said:

- We ask them, listen to them, talk to them, hear them, give them a chance.
- So after each meeting we need to share what we discuss at the meeting and our class need a chance to say their views even if they don't want to speak aloud.
- A pupil voice box in each class – what would be the design/images/key words etc?
- Can we have a whole school competition for children to design the box and one gets picked to be made for the 'class pupil voice box'.
- Winning entry decided by School Council and this then gets printed and stuck on to box for each class.
- School council to have a quick talk in assembly to present idea to whole school.
- Tahirah and Ibrahim to create powerpoint for assembly.

RS to email the next date of meeting to teachers after half term.
